To: Richmond Irrigation Co. share holders:

It has become necessary to restrict water use because of declining spring flows; therefore the following restrictions will be enforced starting June 1, 2021.

Non Farm and City Turns

Effective June 1, 2021.

- All water users with **even** numbered houses will be allowed to water on Wednesday from 7 am to 7 pm Wednesday and Saturdays from 7 pm to 7 am Sunday.
- All water users with **odd** numbered houses will be allowed to water Wednesday from 7 pm to 7am Thursday and Saturdays from 7 am to 7 pm on Saturday.
- Each stockholder will be allowed one sprinkler head (7/32 or less in size) per share of stock, 10 gallons per minute per share owned. Houses with automatic sprinkler systems that use more than 10 gallons per minute per share owned will need to water fewer hours accordingly.
