

**RICHMOND IRRIGATION COMPANY  
P.O. BOX 156  
RICHMOND, UTAH 84333**

**NOTICE TO STOCKHOLDERS 2019**

In fairness to all stockholders of the Richmond Irrigation Company (RIC) the following policies will be strictly enforced. Stockholders found in violation will be issued citations.

**THE COMPANY'S RESPONSIBILITY** is to deliver the water in the main line. It is the responsibility of the stockholders to maintain and keep the laterals and individual lines in good working order.

**EVERY PERSON** using the water must own at least one share of stock in the company and have previously paid the required hookup fees. The fee is presently \$300.00 per home for a new hookup and the owner is required to install his/her own system under the direction of the RIC. Each residential connection must pay (or have paid) the hookup fee. Connections cannot be shared between neighbors. If these requirements are not met, citations may be issued, risers will be capped and a \$50.00 fee will be charged for a re-hookup after appropriate conditions are met as determined by the Board of Directors.

**ABSOLUTELY NO OPEN HOSES OR VALVES.** The system is pressurized and designed for sprinklers. Open hoses or open flooding reduces the pressure and is not allowed. The only flooding allowed will be by stockholders who are not on the pressurized system, and this will be under the direction of the water master.

**CITY TURNS** will be distributed at the rate of one sprinkler head (no larger than 7/32) in size per share. Until notice is provided each spring, homeowners may use the water without restriction on odd or even days based on your street address, however, continual use is discouraged and excessive use (wasting water) is not allowed.

**FIELD TURNS** are under the direction of the water master. Absolutely no one turns on without his permission. One share entitles the owner to one sprinkler head (no larger than 7/32 in size) for 48 hours of water each turn. Frequency of the turns will be regulated by the water master. It is against policy to hold on reserve any unused turns. If the second turn starts before the first turn is used, the remainder of the first turn will be eliminated at the beginning of the second turn.

**ASSESSMENTS 2019:**

This year assessments will be due on August 1, 2019. Any accounts overdue as of August 1, 2019 will be assessed a \$25.00 late fee and a 1.5% finance charge per month until the assessment is paid in full or shares are sold to collect unpaid assessments. From time to time shareholders may be assessed a repair and maintenance fee for the lateral that services individual stockholder lines.

We appreciate your cooperation, and encourage your input. Please contact any of the board members listed below with problems you may have or information pertaining to violations. Your name will be kept confidential. This is a very complex system and we urge each of you to help us in our effort to distribute the water in a fair and timely manner.

**Board of Directors:**

Terry Spackman (President)-----770-1800  
John Apedaile (Vice President)-----764-6307  
Curtis Dent (Board Member)-----760-1791

Bret Christensen (Board Member) -----994-0588  
Timothy Christensen (Board Member)---208-221-4144  
Van Skidmore (Water master)----- 770-7781
