29	1. all developers should have to abide by the same rules. Curb gutter and side walks. 2. when farm ground is sold for residential use the farmer or seller should provide shares of water per lot. te lesson impact on city water. 3. It would be nice to know responsibilities of city employs on payrole. 4. what about city vehicles being used for personal use? I have seen newest vehicle at shop ko in Logan and other places. 33	I would like to have roads and intersections with known yield or right of way or 4-way stop signs. The inner city blocks are often rediculous - some people don't slow down like they feel they have the right of way- other times everyone stops but the first ar there won't go on.	Jun 29, 2011 4:55 P

36	I think we should leave Agricultural land as it is. If business must be brought in, Please Keep to a minimum. Also, Don't raise our taxes to bring business in. If Manufacturing is to brought in, please keep in 1 area not spread out.	Jun 29, 2011 3:32 P
37	City needs to clean it's own house first. Why does city ngn. need a vehicle. We are in bad times & the City needs to make sacrifices too. We are already taxed to death by the city.	Jun 29, 2011 3:01 P
38	We like our cute town because it is rural and away from all the business congestion of smithfield and Logan. It would be nice if someone would monitor the new housing subdivisions so they don't look trashy i.e. Sadler's mess in the middle of town.	Jun 29, 2011 2:53 P
39	No reason to raise taxes, we have more city employees than we ever had. Need to be managed better. Do road maintance there selfs instead of scbing it out! Ambulance service & Fire service is a joke! our city no longer has structure, free for all need to get back to basics. If we need to let people on the city pay role go so be it.	Jun 29, 2011 2:41 P
40	no more rate increases existing residents are paying for new growth.	Jun 29, 2011 2:18 P
41	Modify frontage requirements to allow two homes on a 10 rod frontage. This will allow easier in block development. It is telling that "employment" was not an option on reason for living in Richmond. Let's make it a major reason! Then we can become a more self reliant community. This survey could have used a "return by" date.	Jun 29, 2011 1:38 P
42	Richmond is a small town Keep it that way. We pay the Highest City bill in the valley but we still have roads crumbling. pot holds being band aid & patched year after year. No stop signs on many intersections, no side walks on either side of the street. more and more houses being built and our water reserve can't handle it. If we have to pay 90.00 dollars a month and still have to pay 5-6-7% resident	Jun 28, 2011 3:09 P

tax on utilities bill just because we live in Richmond we should have money over flowing, Give us a break. Since Richmond City officials have open the door with this survey I want my thoughts & opinion known. Taxes is part of life. And utilities are part of being a Home owner but when you check things out across the valley and your little town is more expensive then bigger towns you wonder what is happening Richmond City bill 90.00 Questar around for Resident tax in Richmond 7.00 Rocky Mt Res. Richmond Tax 7.00 Qwuest Res. Richmond Tax 7.00 AT&T cell phone Res. Richmond Tax 7.00 Total each month give or take a dollar. 118.00 WHAT??? So I drive around no stop signs on intersections, no sidewalks on either side of the road, Roads have potholes that just get patched year after year. So where is this money going? We need to slow down New Housing we don't have the water. A Grocery Store would be nice, ut we need to take care of what we have already. Ball park, swimming pool, soccer field, play equipment, park, etc... yea they are nice we have a park we have a Ball field, we have area's for soccer. Imporve what we already have and use all those tax dollars to improve Roads, bleachers in teh Ball park, fence around the soccer fields. STOP signs. We don't need a big fancy city with pools, recreational park, nice walk trails, bike trails, If I want that I can move to Logan. Keep our area the small rural area it is not some fancy dancy tourist town.

44	Please do not allow any apartments or other high density housing in Richmond. I own several clean, nice apartments and i consistently see tenants who have drug/alcohol problems, bad credit, criminal tendancies or are consistently on welfare. Apartments and low income housing are a haven for criminal and delinquent behavior. I know, I have been a landlord for many years. The more apartments the more crime you will invite into the community.	Jun 27, 2011 11:31 AM

49	No large businesses! Only very small locally owned.	May 23, 2011 8:31 AM
50	A swimming pool is definitely needed. A whole rec center with basketball, exercise rooms, climbing walls, racquetball, outdoor tennis, indoor track, etc. would be awesome. Memberships could be sold to support it and bring in more money for the city. Something along the lines of http://new.washingtoncity.org/communitycenter/ would be really cool (granted, Washington is larger than Richmond, but something along the same lines as their community center would be a huge benefit for the community and valley in general I think).
