Youth Sports

Richmond City has opened parks and Cub River Sports Complex to youth sport teams but the following restrictions apply.

- Abide by Utah state social distancing guidelines.
- Follow the guidelines of your sport's governing body.
- Do not use the parks or participate in sport activities if you or anyone in your party is sick or having symptoms of COVID-19 (fever, cough, shortness of breath, chills, muscle pain, headache, sore throat, loss of taste or smell).
- Keep everyone safe by washing and sanitizing your hands.
- Sanitize surfaces of benches and picnic tables after use.
- Sanitize all sporting equipment after each use.
- Spectators need to stay six feet away from anyone not in your household during sporting events and practices.

- Congregating in the parks, pavilions, or playgrounds is NOT allowed with people outside your household.

These restrictions may be adjusted as the situations and needs change. Please help us keep our parks safe and open for everyone to enjoy by being responsible and cleaning up after yourself.

From the City: Attention, Dog Owners

With the warmer weather, numerous complaints regarding barking or loose dogs and other issues have been called in to the city office and Animal Control. Many of our residents open their windows in the evening to cool their house but are bothered by the barking.

If your dog barks, howls, or yelps frequently or continuously, you are in violation of our municipal code (13-249).

In addition to the noise issue, dogs are often turned loose to roam, bothering or threatening walkers and bikers. Loose dogs have attacked livestock or damaged private property. Your dog must be confined to your property or under your direct control when off your property.

And please clean up after your dog when you walk him/her/it around town.

Green Waste

Green waste can be taken to the Logan City Landfill for free while garbage will be charged a [fee](#) depending on the type of garbage.

Logan City offers a program where individuals can sign up for a green waste can. In order to provide this service in Richmond, though, a minimum of 250 utility account holders would need to sign up.

Cost for the cans is \$5 per month, year-round (\$60/year). The cans will be picked up weekly from

the last Friday in March through the second Friday in November.

If you are interested in using this program, please email communityresponse@richmondutah.org to let the city know.

Harvest Market at Rockhill—Update

Requirements due to COVID-19 prevent the cheese store in the granary (563 S State) from opening until July. No Harvest Market vendor booths will be set up this year. Some locally produced product will be sold through the cheese store once it opens.

Census 2020

The Census self-response period is now live and residents are able to complete their census form at my2020census.gov. However, due to the coronavirus outbreak, field operations have been delayed and many rural counties may not receive their invitation and pin numbers until after April 1st.

Please use the online portal, call, or mail the form. The information gathered by the census is used to determine the number of seats our state has in the U.S. House of Representatives and also to distribute hundreds of billions of dollars in federal funds to local communities.
